About Us

We are leading manufacturer of FRP Cable Tray. FRP/GRP Cable Tray is a new type composite material, which is produced from glass fiber as framework and reinforced resins, including unsaturated polyester, epoxy resin and phenolic resin.

Strong, lightweight, extremely excellent corrosion and rust resistance is best representative of FRP/GRP Cable Tray. Nowadays, the FRP/GRP Cable Trays gradually replaces the steel Cable Trays in commercial and industrial plants as its outstanding chemical and mechanical advantages. FRP/GRP Cable Trays is ideal for highly corrosive applications.
